Construction and Living Conditions in Madan

25X1

1. Ten 3-story apartment houses with 12 apartments per building were to be built southeast of the Madan - Sharonka Minco road. Every apartment is to have two rooms (4 x 5 meters and 3 x 3 meters respectively), a bathroom with shower, a small kitchen, and a small hallway. The apartments are to be built in two rows of five each with considerable distances between them. The first line of buildings would be located approximately 15 meters from the road.

they are being built for the minors and workers in the area and should be ready by the end of 1955. no shortage of construction materials or labor.

25X1

2. There is no shortage of living quarters in Madan. Many of the bachelor workers live in prefabricated wooden houses scattered throughout the town. At present there is a shortage of drinking water, but a new system was under construction and it was expected that before the end of the summer it would provide the town with the necessary water.
